- III. All lots are sold subject to the right to impose a reserve; and subject to the right to bid by or on behalf of the seller.
- IV. The purchasers to give in their names and places of abode, and to pay down 10s. in the pound, if required, in part payment of the purchase-money, in default of which the lot or lots purchased will be immediately put up again and re-sold.

- VI. All the manuscripts, autographs, all magazines and reviews, all books in lots, and all tracts in lots or volumes, will be sold with all faults, imperfections and errors of description. The sale of any illustrated book, lot of prints or drawings, is not to be set aside on account of any error in the enumeration of the numbers stated, or error of description.
- VIII. No Imperfect Book will be taken back, unless a note accompanies each book, stating its imperfections, with the number of lot and date of the sale at which the same was purchased.
- IX. To prevent inaccuracy in the delivery, and inconvenience in the settlement of the purchases, no lot can on any account be removed during the time of sale.
- X. Upon failure of complying with the above conditions, the money required and deposited in part of payment shall be forfeited; and *if any loss is sustained in the re-selling of such lots as are not cleared or paid for, all charges on such re-sale shall be made good by the defaulters at this sale.*

Messrs. SOTHEY & Co. are prepared to advise intending purchasers, as far as possible, and will execute bids on their behalf free of charge. Lots will be procured as cheaply as is permitted by other bids or reserves, if any.

* * FINE EXAMPLE OF THE FIRST BOOK PRINTED AT THIS FAMOUS PRESS, shewing the earliest state of the first type used in the monastery. Three issues of this book are known; one described by Hain (7654), which differs in the setting up of the colophon; another by Pellechet (5188, two copies, both in the Bibl. Nat.) which is arranged in four quires, 10, 8, 10, 8; and the present issue, which is in three quires of 12 leaves each and agrees with the British Museum copy. The other work in the volume is Gerson's *De pollutionibus nocturnis cum forma absolutionis*, printed by Ulrich Zel at Cologne, 16 leaves, last blank, initials and headings supplied by the rubicator [Hain, 7666 = *7694; Pellechet, 5219; Proctor, 800], also of great interest and rarity. It is considered to be one of the first three books printed at Cologne (probably in 1466) and shews Zel's first type in its earliest state.
